

## FIRST TEEN - CANTEEN AFFAIRS ARE SUCCESSFUL FROM START

The new organization for the teenage group known as the "Teen-Canteen" swung into action last week-end. Friday night the low-teens enjoyed a "backward" party in the utility room of the schoolhouse. Although the boys outnumbered the girls, 22 to 14, they all had fun. Two of the most popular dances which added to the enjoyment of the affair were a broom dance and a multiple dance. Chaperones were Stan Doerr, coordinator, Art DeVahl, Mrs. J. Duncan, and Mrs. M. McKenzie.

On Saturday evening, when the high-teens inaugurated its social program by staging a dance, it was estimated that a group of 180 or 190 was present. The affair proved to be highly successful. In addition to the chaperones of Friday evening, Jimmie Wright also was present.

Both groups hope to make their socials self-sufficient with the sale of cokes and donated sandwiches and cookies. Strangely enough the smaller low-teen group grossed \$15.30, while the larger number Saturday night barely reached the \$15 figure.

In charge of the records for the high-teens are Norman Duncan and Alberta Slabaugh. Each person is requested to bring a record to help build up the supply. It is necessary that a committee take charge of the musical program, which is heard in the utility room over the loud speaker system controlled from a central point.

Publicity committeeman, Carol Dewell, reported that at a previous business meeting, committees were appointed for the future. These included refreshment, serving, decorating, and a clean-up committee, which found no volunteers. A standing program committee, headed by Russell Noe, assisted by Kenneth Mackay, Pat Sheddore, Buddy Hubbee and Pat Dewell will plan events for the future which will be varied and interesting.

The low-teens are scheduled to meet on Friday evenings in the schoolhouse from 7 to 9 p.m., and the high-teens on Saturdays from 8 to 11 p.m. Stan Doerr states that business meetings will be as announced, probably once a month.

### DESTROYERS BEING REACTIVATED FOR USE

The activation of several destroyers now in the mothball fleet at Long Beach, and their placement in Operational readiness is to begin at once. Naval reservists will aid in the removal of plastic film encasing all moving parts for protection. This interesting training is being offered to Reservists for two week periods in order to familiarize them with the activation process.

Should the necessity ever arise for bringing the large Reserve Fleet into action, these Reservists will help form the nucleus of men trained in such work. Naval Reservists interested in this training duty should apply to the Director of Training, Eleventh Naval District, or to their U. S. Naval Reserve Training Center.

### CYPRESS RESIDENT BURIED IN REDLANDS

William R. Barnhart, 90, passed away on Thursday in a Los Angeles hospital. His health had been failing for some time. He was a resident of Cypress for the past 27 years.

Survivors include his daughter, Mrs. Myrtle Miles, with whom he made his home, and LeRoy Barnhart, also of Cypress. Last rites were conducted in Redlands where other members of the family are buried.

### Invisible Eye Protection

Snow and mist collecting on eyeglasses, the nemesis of bespectacled skiers, is now eliminated with specially designed plastic contact lens developed by American Optical Co. scientists. Richard Dwyer, U. of Maine star skier, is about to fit invisible, non-shatterable lens on eyeball before ski meet.

### MEMORIAL SERVICES FOR JOHN ANDERSON KILLED IN ACTION

Military honors were accorded Corporal John Anderson at funeral services held today in the chapel of the Renaker Mortuary in Buena Park. Only brother of Mrs. Corine Bryan of Cypress Manor, he is survived by his parents, Mr. and Mrs. John Anderson, of Buena Park, and four other sisters, Mmes.

CPL. JOHN H. ANDERSON

Mabel Lasky, of Fuller Park; Paula Larson, of Redondo Beach; Fern Thomas, of Norwalk; and Mary Brian of Los Alamitos.

Corporal John H. Anderson, a member of the U. S. Marine Corps, was killed on April 23, 1945. He was a member of the class of 1941 of Fullerton union high school.

After working for some time for Douglas Aircraft Corporation he enlisted in the Marines on December 14, 1942.

### Orange County Music Festival

The Annual Orange County Music Festival is again around the corner. Today, March 11, students from all over Orange County will come to the Santa Ana Senior High School campus to present the annual concert. It will feature the band, orchestra and glee clubs from all over Orange County. Glee Clubs will be made up of three parts: the girls' choir, boys' choir, and the mixed choir.

Participating high schools include: Anaheim, Brea-Olinda, Capistrano, Fullerton, Garden Grove, Huntington Beach, Newport Beach, Orange, Placentia, Santa Ana, and Tustin.

### CLUB LISTS ROUNDUP OF TAX DEDUCTIONS AFFECTING DRIVERS

California motorists are reminded that they may not deduct sums paid for State gasoline taxes in filing 1948 federal income tax returns.

The Automobile Club of Southern California has issued this warning in releasing a pre-deadline roundup of allowable income tax deductions affecting owners of motor vehicles in this State.

Retail sales taxes paid on such purchases as automobiles and accessories are deductible, the club reports. However, this does not include sums paid as state gasoline taxes as such taxes are considered levied upon the producer, not the consumer.

All amounts paid during the year as registration fees, vehicle license fees, operator and chauffeur license fees and personal property and municipal taxes may also be reported, the club states. Other deductible items which motorists may report include amounts paid for interest on auto loans and losses or damages to taxpayer's vehicles not compensated for by insurance adjustments.

In computing adjusted gross incomes, motorists are entitled to deduct all maintenance, depreciation and insurance costs for vehicles used entirely for business.

Travel expenses such as lodgings, meals and transportation may also be deducted when vehicles are used on overnight business trips.

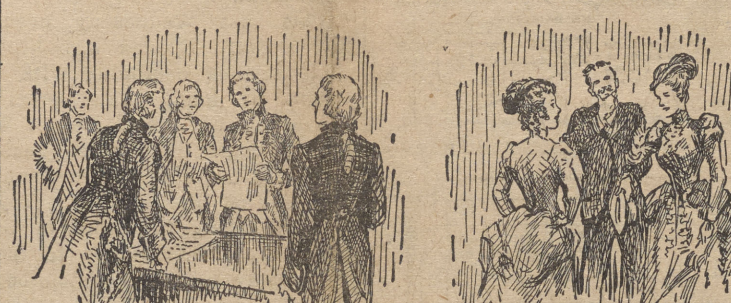

When cars are used both for business and pleasure, a proportionate portion of these expenses, based on business use only, may be allowed.

The club points out that such expenses in pleasure driving as insurance, finance charges, traffic fines and Federal excise taxes on tires, tubes, oils, accessories, are not deductible on Federal returns.

### OUR DEMOCRACY—by Mat

"I disagree!"

—TWO OF THE MOST IMPORTANT WORDS IN AMERICAN SPEECH—  
THEY CAN BE SPOKEN OPENLY ONLY IN A FREE LAND...

SINCE THE EARLIEST DAYS OF OUR DEMOCRACY, WE HAVE CHERISHED THE RIGHT OF THE INDIVIDUAL TO DISAGREE OPENLY, TO ARGUE IN FAVOR OF HIS OWN IDEAS...MANY THINGS OUR FOREFATHERS ARGUED ABOUT, WE NOW TAKE FOR GRANTED—SUCH AS THE VERY STRUCTURE OF OUR GOVERNMENT AND THE RIGHT OF WOMEN TO VOTE.

BUT ONE THING WE MUST NEVER TAKE FOR GRANTED IS THE RIGHT TO DISAGREE, FOR THIS IS AN ESSENTIAL SAFEGUARD OF DEMOCRACY. AS A PEOPLE, WE MAY ACCEPT THE DECISION OF THE MAJORITY, BUT AS INDIVIDUALS WE RESERVE THE RIGHT TO OUR OWN OPINION. THE RIGHT TO DISAGREE OPENLY—THE RIGHT OF THE MINORITY TO BE HEARD—IS A BASIC TEST OF TRUE DEMOCRACY.

### Buena Park Greenhouse Owner Enters Plants in Flower Show

#### DEATH TAKES FORMER CYPRESS RESIDENT

Mrs. Nettie Covell, a resident in Cypress nearly fifty years ago, passed away Friday morning at an advanced age. She moved about 1923 from her home on Crescent avenue, between Moody and Walker streets, which is still known by "old-timers" as the "Covell place," to the home of her son, Leslie, in Huntington Park where she resided at the time of her death.

Services were held Wednesday afternoon, at two o'clock, from the Warren Mortuary, 1839 east Firestone avenue.

#### NEW BUSINESS ON LINCOLN AVE.

A garage, specializing in motor rebuilding and auto repair work is now being operated in the building located on the extreme east end of the Cypress airpark, on Lincoln avenue. Two brothers, James and William "Bill" Cole, opened their business about a month ago.

The two men and their families reside at 8302 Watson street, in Cypress. They were formerly from Muskogee, Oklahoma.

Mr. and Mrs. William I. Stanton and their two sons, Mark and Peter, moved from Long Beach late in January into the house at 6452 Orange avenue.

Mr. and Mrs. Charles Hyde are entertaining her sister, Florence Stanley, and sister-in-law, Mrs. Don Hickey, at their home at 3711 Graham street. Coming from Wallace Idaho, the two sisters are having their first visit in fourteen years.

### CALIFORNIA INTERNATIONAL FLOWER SHOW

Rose growers are "pinching" prize plants this week, so their blooms will be ready for the California International Flower Show, Hollywood Park, Inglewood, March 26. C. J. Groen shows Mrs. Edward Tuttle of Las Floristas how he cuts stems now, to achieve full bloom of "Better Times" roses weeks later, as shown by Mrs. Tuttle at right. Buena Park Nurseryman Robert Weidner will exhibit tropical potted plants in the show.

### Uptown Building Shows Progress

The group of stores being constructed by A. E. "Pat" Arnold is going along at a rapid pace while the good weather holds. It has not been learned to date just what businesses will occupy the spaces, although many interested prospects have made inquiry. Owber Arnold also states that an inspector from the postal department considered one of the locations, but no report has been received.

Arnold's distrust of the weather dates back to 1938. He remembers that as the year of the big flood. It seems that relatives arrived from Illinois on the third of March. The rains began, which continued for twelve straight days. Barring a recurrence of that kind of "liquid sunshine," it is probable that the first of April will find the buildings practically completed.

### Regular Army To Recruit For National Guard

Orange county organizations of the California National Guard will soon be at full authorized strength if plans for a recruiting drive to be conducted at once are successful, according to an announcement by 1st Lieut. Gus W. Luzania, Commanding officer of K Company 224th Infantry which has its headquarters in Anaheim.

Assisting local guardsmen in securing the men needed to fill the ranks of the K Company will be the local representative of the US Army and US Air Force Recruiting service, 128 South Los Angeles street, Anaheim.

Guardsmen are reported anxious to fill their organizations to the maximum number of men authorized because unit ceilings will be established at existing strengths when the Guard's national enrollment reaches 341,000.

The Guard has obvious advantages for any qualified young man. To mention only two—he may obtain military training which will always stand him in good stead in case of national emergency and he receives a full day's pay for each two-hour weekly meeting.

Anyone interested in obtaining information about the local unit is invited to call at the local US Army and US Air Force recruiting office or at the headquarters of the local National Guard Company which meets Monday evening of each week at 200 No. Palm street, Anaheim, California.

growing all over the tropics including Guatemala and Mexico. Some have never been displayed in a flower show before. Also to be exhibited under local banners will be dracaenas from the Hawaiian Islands and dieffenbachias from the tropics.

Plants grown in the Buena Park greenhouses are tended like children. Their wants and needs must be taken care of for periods of as long as six to eight months. During the winter the temperature in the steam heated, tropic-assimilated, glass-covered greenhouses is maintained at 65 to 70 degrees at night and up to 80 degrees in the day. In the summer the temperature is much higher, approaching 100 degrees. Weidner emphasized that the plants are not overheated, or pushed, however, as this causes the plants to droop later in life.

The nursery ships wholesale all over the states. Before shipping the plants are carefully wrapped in paper and given sufficient moisture to weather the trip. Retail prices vary from 25 cents for a two-inch pot size ivy to \$100 for a specimen philodendron.

Weidner has been owner of the Buena Park greenhouses for the past two years. The wholesale greenhouse business was purchased from E. M. Henson, owner of Henson's Garden Supply company, who is now engaged solely in the retail business.

Principle potted plants to be entered by Weidner will be the "large-eared" philodendrons, found

### Auxiliary Passes Official Inspection in Last Meeting

#### Injured Shut - In Given Surprise Birthday Party

When his birthday rolled around this week, Vercl "Spike" Malone was unprepared for the attention he received from his friends, members of the Black Eagle motorcycle club. Planned by his wife, Elsie, twenty-two guests gathered in the Malone home at 7622 Lincoln avenue for a birthday celebration and presented the honoree with many appropriate gifts, and helped to make the day a happy one.

Malone was injured in a car-cyclist crash last September when both his legs were broken as he was thrown from his machine. In October, it was found necessary to amputate the left leg, and the last part of February, about two weeks ago, he underwent an operation on his right leg, which was broken again and re-set in order to heal correctly. "Spike" will be forced to stay in bed at least two more weeks.

Enjoying the large, decorated birthday cake, coffee and cards, which formed diversion of the evening were Mr. and Mrs. Harold Fugh; Mr. and Mrs. C. Hobson; Mr. and Mrs. Bob Valentine; Mr. and Mrs. Ello Ronconi, Roger Siles and Ray Oelke, of Cypress; "Red" Dyer and "Fenny," and Mr. and Mrs. Glenn Watson, of Buena Park; and from Anaheim and Fullerton, Mr. and Mrs. Frank Stilwell, Dolly Evans, Johnnie Foster, Jack Alger, Avelina Randall and Mr. and Mrs. Clyde Day.

### Barris To Takeoff Flight Sunday

Take-off date for the forthcoming endurance flight of fliers, Bill Barris, of Buena Park, and Dick Riedel, was set to begin Sunday at 10 a.m. from the Fullerton Municipal Airport.

Their plane, the Sunkist Lady, will fly cross-country from Fullerton to Miami and return. If the record is broken, the pilots stated, it will be reached over Fullerton in 30 days.

The flight will cost approximately \$2500. The flyers made two previous attempts to break the record and on the second attempt almost succeeded.

### GENEROUS FEEDING RECOMMENDED FOR POULTRY FLOCK

The backyard poultry flock should be fed generously, says H. W. Longfellow of the University of California Agricultural Extension Service. Feed should not be wasted, but egg production depends upon generous feeding.

A good egg-producing hen will not get too fat to lay well. If a hen gets too fat it's a sure sign she's a poor producer and should be killed at once for home consumption.

A good laying mash, a mixture of whole grains, and clean fresh water are the important essentials of good poultry feeding. Chickens that are over 3 months old can choose the feed they need when this variety is placed before them. In addition, they should have grit, such as small pebbles or granite, to help them grind the coarse feeds and also oyster shells or limestone grit to provide calcium carbonate to make egg shells. In addition, the flock can and should receive fresh tender green feed when it is available. They can be given stale bread or other grain table scraps, but not spoiled meat or vegetables. Leaf-lets on this subject are available at the farm advisor's office, 1104 West 8th Street, Santa Ana.

More than half of California's production champions among Jersey cows are owned by the University of California on the Davis campus, according to statistics published by the American Jersey Cattle club.

Officers of the local auxiliary to Post No. 9847 of the Veterans of Foreign Wars were given high praise for the performance of their ritualistic work when officially inspected last Thursday evening. Speaking before the group after the ceremony, Mrs. Leafy Marie Giles, of Riverside, expressed satisfaction with the progress of the organization, although only instituted in October, 1948. Mrs. Giles is second district president.

A nomination of officers for the ensuing year was held in the business meeting, with the election to take place at the next meeting. The auxiliary voted to join with the VFW post in making plans to rent a building, possibly one of the group at the corner of Miller road and Lincoln avenue, as a meeting place. Both organizations have been meeting at the schoolhouse.

Appointed to serve on the refreshment committee for both the post and auxiliary for the month were Margaret Dye, Betty Knauss, Jean Kreissler, Katherine Loney, Frances Demaris and Julia Bouse.

Introduced as guests were Alice Einstein of Long Beach and Belle Griggs of Placerville.

During the social hour, a beautifully decorated cake in patriotic colors and topped with a small American flag, was cut by Mrs. Giles. Several kinds of cake and coffee were served by the committee, headed by Della Priddy.

### Buena Park Lynx Have Athletic Field At Home

Construction on the grandstands and the softball diamond in the new \$50,000 recreational park on Hansen road is nearing completion according to Caryl Snyder, Buena Park's park district chairman.

The park will be one of the best lighted in the southland. Six lighting standards are already in place and two more will be added before the park is opened to night games.

The grandstand, with a seating capacity of 1200, is almost finished and work has started on the south and west fences. The stands are on the corner of 8th street and Hansen avenue.

At the request of the ball players themselves, the infield playing field will be bare ground and the last 100 feet of the outfield will be in grass. The reason, it was explained, is because nightly dew causes grass to become slippery. Most of the action during games, especially softball, takes place in the infield.

Already practice plans have been announced by two teams that will utilize the new facilities. The Buena Park Lynx and their proteges, the Kittens, will begin practice next Sunday. The roster has been announced for the Buena Park Pilots, men's National Nitelball team, and practice will begin shortly. Plans have not been announced as yet for the Tigerettes, third Buena Park women's team.

Other interested groups have approached Snyder concerning open dates on the Park schedule. So numerous have been the inquiries, Snyder said, that there will probably be many nights and days when double headers will be played.

#### BULLETIN

Word was received just as we went to press that Forrest "Frosty" Lowrey has been taken to the Orange County hospital after having developed double pneumonia.

More than half of California's production champions among Jersey cows are owned by the University of California on the Davis campus, according to statistics published by the American Jersey Cattle club.

#### CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

## ST. PATRICK'S DAY

"Sure, and 'twill be a great day for the Irish!" From Dublin to "Down Under" the sons and daughters of the Emerald Isle are getting ready for their annual day of days — St. Patrick's Day, of course.

There are few occasions so widely — and enthusiastically — celebrated as this day for the patron saint of the Irish. In fact, a poet once said that "all the world is Irish on the Seventeenth of March."

The world has been brightened by Irish wit and laughter, especially by those two famous characters "Pat and Mike." The world has also been enriched by the warmhearted impulses and generosity of the Irish — and on many occasions enlivened by their love of a good fight.

Among its citizens America is proud to number many who have immigrated from Ireland or who are of Irish descent. And so, on the seventeenth of March, the people of America, regardless of their land of origin, join with the Irish in observing the day that is always a "great day for the Irish!"

## I RISE TO REMARK

By John Phillips

Several weeks ago, in a radio talk, I broke down the proposed Truman budget, step by step, trying to show what it would mean to the taxpayers, you and you and you, not only this year, but over the next ten years. Some of my friends have asked me to repeat the breakdown in this weekly letter, so they could look at it more carefully, I suppose. Frankly, I don't think its importance justifies their comments, but here it is.

The estimated income of the United States for the fiscal year 1950, (July 1, 1949, to June 30, 1950), which is the budget we're working on now) will be 42.935 billions. I've rounded that off to the nearest million! This presumes that incomes stay up and business conditions good so that people will have taxes to pay. At the moment, taxes are off, and business is weakening in spots, but it'll hold up fairly well.

The President's advisors, the three of them, who rarely agree among themselves, but feel competent nevertheless to advise the president of the United States are divided two to one on this particular issue. Two of them warn against inflation; the other against deflation.

May we go back for a moment to 1948? On January 6, a year ago, the president set up a budget request for 32.9 billions. During the session, additional requests amounted to 7.3 billions, mostly for foreign aid. In January of this year (and this has nothing to do yet with the f.y. 1950 budget) the president sent still more requests amounting to 2.6 billions. Thus the 1949 budget, originally publicized as 32.9 billions, actually totals 42.8 billions, or an increase of 9.9 billions over the first request.

## FATHER and SON

## BUILD THIS 10-INCH BALSA RACE CAR

Dear Dad:

This snappy little racer not only is a novel toy, but you—and junior—can make it in a weekend. Powered with two Eveready No. 935 flashlight batteries which drive a small electric motor, it will coast over any smooth surface and when the front bumper is touched, the motor automatically stops.

You can build this car from these instructions and you can obtain additional construction details from the March issue of *Mechanix Illustrated*. Before starting the actual construction, visit your local hobby shop for the necessary balsa wood, wheels, gears and other materials. Once the material is on hand, start construction by enlarging the body and chassis patterns to full size directly on the balsa wood. Cut out the base first, notching the bottom for the gears. Mount the gears, motor, axles and then carve the front to accommodate the slide switch. Run the wires to the switch along the bottom, as shown, and either bolt or cement the aluminum battery box in place. The

top is held in place with a snug fit on the three dowels. If necessary, a rubber band can be stretched over the top section to hold it more secure. The gears are worm-and-pinion units of the type used in 00 gauge trains and are connected to the motor shaft with a piece of rubber tubing which acts as a coupling. The wheels used in the original model were of the rubber tire type, commonly used on model airplanes. If desired, you can carve or turn your wheels from balsa wood and paint the tires black. The Eveready No. 935 batteries are set in a medium battery box. After the outside surface is finished off, cut out the streamlined front axle pieces and cement to the top section. Now give your complete car a few coats of wood filler and follow with three or four coats of your favorite color model airplane dope. Install your batteries and you're off to a good start by a flick of bumper switch!

Good Luck,  
Doug Rolfe

P.T.A. Party  
Tuesday Night

The public is invited to share in the enjoyment of a card party and social event to be held Tuesday evening, March 15, in the school utility room. Sponsored by the P.T.A., the teachers will be hosts, and festivities will begin at eight o'clock. In addition to the regular games of 500, pinocle and bridge with prizes, it is planned to include such games as checkers, dominoes and others, and a door prize will be given.

The members of the organization urge attendance at this monthly event.

LUNCHEON GUESTS TO  
HEAR DR. OLSON

Miss Elizabeth Dickerson, district superintendent of the local elementary school, will attend a luncheon meeting on Monday in the Santa Ana community center. Speaking before educators throughout the county, Dr. Willard Olson, professor of education of Michigan university, will discuss the topic, "Implication of child development for education."

## Mothers, Notice

The second series of immunization shots to be given all preschool children and youngsters to ten years of age, is scheduled for Tuesday, March 22. The doctor will give shots from ten o'clock to twelve noon. No appointment is necessary, and the immunizations will be given in the morning only.

ASSEMBLIES SHOW  
FILMS TO CHILDREN

The students in the Cypress elementary school enjoyed their monthly assembly session. The upper grades contrived a musical-radio type of original entertainment, featuring Esther Mata, a seventh grade girl who played the piano. The picture, "Treasure Island," was one received from the county.

For the primary children in their assembly, the film enjoyed was "Chips adventures."

NEW SERMON AND  
BIBLE STUDY SERIES  
IN LOCAL CHURCH

Sunday, March 13, the Reverend W. D. Howard, minister at the Church of the Nazarene, will open a series of messages leading up to Easter, April 17. The theme of this series is entitled, "With Christ on the Calvary Road." The messages will be taken from incidents which transpired in the life of Christ as He turned toward Jerusalem to face the crucifixion. The sermons will be a practical nature with an aim of offering strength and help to those who hear them.

This last Wednesday evening Mr. Howard opened a series of Bible studies beginning with the Gospel of John. This series in the study of John's Gospel will run through the Easter season. Following a study will be made of the Acts of the Apostles. If you enjoy studying the word of God, Mr. Howard invites you to these Wednesday evenings which begin at 7:30 p.m. Questions will be welcomed.

Hear Missionary  
From China Speak

Mrs. Kathryn Wiese of South China was the honored guest of the Young Women's Foreign Missionary society of the Church of the Nazarene Tuesday evening, March eighth. She told of the closing of the missionary work in Northern China with the insinuation of Communism. "The people of China are not Communist and never will be," she said, "yet they are not strong enough to overthrow their new rulers. You are watched constantly and dare not whisper lest you are thought to be plotting against the government."

Mrs. Wiese stated that several of the Chinese ministers had been carried off to Siberia to concentration camps, others had been crucified in the same manner as Christ since they were his followers. Yet in spite of all this persecution the people carry forward their faith and the number of Christian converts is increasing.

Mrs. Wiese has been in Southern China for the past two years. With the recent surge of the Communist armies toward the South the American government provided escape from the country for all women and children. Her husband is still carrying on the work and plans to stay until forced to leave.

Mrs. Wiese stated the educated class of Southern China is turning to Christ and many have given money to help build their own churches and sent out preacher boys to other communities.

The Church of the Nazarene has been given several million Chinese in South China for whom they are directly responsible so far as carrying the Gospel to them is concerned. This new territory has been opened by the church since the war. There are now three missionaries and a score of native workers serving the church in this section and a Bible school in which to train workers was recently opened there by the Nazarene Church.

RUSH NEW CHURCH  
IN LOS ALAMITOS

With an eye on an Easter Sunday dedication service, members of both the Los Alamitos Fellowship and the sponsoring Men's Bible class of Bellflower First Baptist church are working steadily on the first unit of the local First Baptist church at Green and Bloomfield streets, according to Cleo J. DeWitt, chairman of the local church board.

From 15 to 20 men, more than half of them from Bellflower, have worked every Saturday since the building was started a month ago.

Merger of Two  
Clubs Approved  
In Los Alamitos

At last Thursday night's meeting of the Los Alamitos Chamber of Commerce, it was voted to allow the Business association to become a part of the chamber of commerce. The group had been acting independently of the chamber. It sponsored the community fall festival last year and plans to make it an annual affair. They also compiled a business directory and map of the town. The Business association will change its name and become the merchant's division of the chamber of commerce.

The chamber heard a talk by Charles H. Diggs, county planning director, on the proposed zoning map for this community and the proposed amendments to the county land use ordinance, and gave its approval of the map and amendments.

ATTENDANCE IS 332  
AT SUNDAY RALLY

A record attendance of 332 gathered Sunday morning at the Church of the Nazarene for the Bible school session. The previous high of 255 was reached last Easter at the Nazarene school. A goal of 250 was set for this rally and awards offered to the boys and girls bringing more than five new people. Their work bore fruit with a new record being set. The Evangelists, C. C. and Flora Chatfield, who just closed a revival at the church, offered a survival package to the individual inviting the greatest number and having them there. Miss Gale McCoy received this award by bringing nineteen people. Her award was a beautiful bronze table lamp signifying the scripture, "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." Matthew 5:16. Reverend W. D. Howard, the minister, said that the new and old alike were thrilled to see the large crowd Sunday morning.

Boys and girls numbering 131, under nine years of age, gathered in the new annex recently constructed at the rear of the church. Mrs. Joe Ferguson, supervisor of the department, said this number exceeded by 30 any previous record of children gathering in the new addition.

Sunday, March sixth, launched a Lenten program of Bible school advance to be concluded Easter Sunday April 17. Special emphasis is to be placed on the building of the Cradle Roll, the home or extension department and the increase in the Bible school enrollment.

## LOCAL YOUNGSTERS

WARNED OF KITE  
FLYING DANGERS

Kite-flying days are here again, and with them a few dangers which must be avoided, according to C. E. Demarest, Southern California Edison Company district manager, who made a timely safety reminder today.

"Serious injury could result if kites come in contact with electric lines," Mr. Demarest said, "and we want to be sure that boys and girls have fun from kite-flying without any of the dangers resulting from carelessness. There are only four rules for kite safety, which all youngsters should remember:

1. Fly kites in open fields away from electric lines and other overhead obstructions.
2. Be sure the string is perfectly dry.
3. Never use wire, tinsel or metallic string, or cord that is damp from rain or fog.
4. If the kite catches in an electric line, let go of it! Do not try to pull the kite down, but call the service company owning the line, and a lineman will come to get the kite.

## Los Alamitos

The Good Neighbor club held its regular monthly meeting at the home of Lucille Hazelbaker, Florista avenue. After the meeting convened, the president appointed a sick committee who will visit hospitalized and ill club members consisting of Florence Layton and Lucille Hazelbaker. The winners of the bingo game were Dorothy Johnson and Catherine Crawford. An unprecedented thing occurred when the hostess won the raffle prize. Marge Moore and her new three-week-old daughter were a welcome sight to all of her friends. Lucille then served dessert of jello and cake.

The Laurel school P.T.A. holds its annual elections Thursday, March tenth, in the school auditorium. The offices of president, vice president, and secretary and treasurer will be filled at that time.

A procession will take place Sunday, March 13, at the Catholic church in Los Alamitos, to dedicate the new statue of the Blessed Virgin, Our Lady of Guadalupe, a gift of the Spanish people of the parish. It will take place after the ten o'clock mass.

Tickets are now available for the benefit barbecue to be given at DeBruyns cafe, March 20. The barbecue will benefit a local family, who are Los Alamitos pioneers. The barbecue will start at 12:00 noon, and close at six p.m. The following week on Saturday night, March 26, there will be a benefit dance. So hold these dates open, and you are guaranteed really good steaks for the barbecue.

Mr. and Mrs. Cleo Dewitt entertained some old school friend Sunday, February 27. The group talked over memories of old "Compton High." A delightful dinner of tacos, served in Mrs. Dewitt's best Mexican style, was enjoyed by Mr. and Mrs. Charlie Keys of Van Nuys, Mrs. Eva Dew of Compton, Mr. and Mrs. Wendall Kerr of Compton, and Mr. and Mrs. Wayne Powell of Lynwood.

Art and Lucille Jones of Lakeview celebrated their fifth anniversary with Cleo and his wife at Brower's. Both couples were witnesses for each other's wedding.

Mr. and Mrs. Fay Ellis entertained Mrs. Bessie Armistead of Long Beach, Thursday and Friday.

The investiture of the girl scouts of Los Alamitos, Troop 20, was held in Laurel school auditorium, Tuesday, March eighth at 8:30. The girls officially became girl scouts at that time, when Miss Dorothy Boye presented them with their pins. The meeting was closed to the public, but troop leaders, Mrs. Sunderman, and Mrs. Ford, were on hand to watch the procedure. Girls invested were Bettie Adams, Elinor Ford, Neila Hutchins, Norma Massey, Leona Muchaney, Lois O'Grady, Karen Keenes, and Sybil Sunderman. Following installation, Miss Boye lead the girls in some square dances.

Mrs. Jenny Sentano is recuperating at Los Cerritos hospital after presenting her husband, Frank, with a lovely baby girl. The baby was born Saturday.

## Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 35348

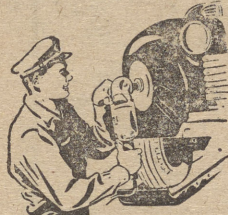

The Poppy program is again in full swing. Sponsored by the American Legion Auxiliary, the red poppy is sold to help the disabled veteran. We did quite well in this area last year, holding a poster contest, and selling 500 poppies. However, this year, Chairman Lee Ellis says that they have an even better program planned. The local schools have already been contacted, and the poster contest will take place. Judging will be on the posters made from classes 4, 5, 6, 7, and 8. A selection of the best poster will be made April first by three local judges.

Evelyn and Roy See attended the Elks annual charity dance in Long Beach. Chairman for the event was Bee Wilson of Long Beach and Helen Engel of Seal Beach. They danced to a very fine orchestra, and a large crowd was in attendance.

Mrs. Alice Otte, grandma to a lot of Los Alamitos residents, is very proud of herself this week. "Grandma" came home first prize winner Sunday from playing the game of whist, with a large group of friends at the Palm Cafe in Santa Ana.

Mr. and Mrs. Donald Pres, baptized their baby son, Donald Francis, Wednesday afternoon in St. Isadore's Catholic church. Father Albert Duggan officiated, and Mr. and Mrs. F. Phine were sponsors.

Freddie Lee Johnson, 323 Chestnut, celebrated his seventh birthday with the neighborhood children Saturday. Mama served cake and ice cream to everybody, including a few grownups.

### Fixed Like New

You can't tell it from a new fender after our expert collision repair. Dents straightened, hollow spots filled, surface repainted.

## WHY THE RED CROSS NEEDS YOUR HELP 1949

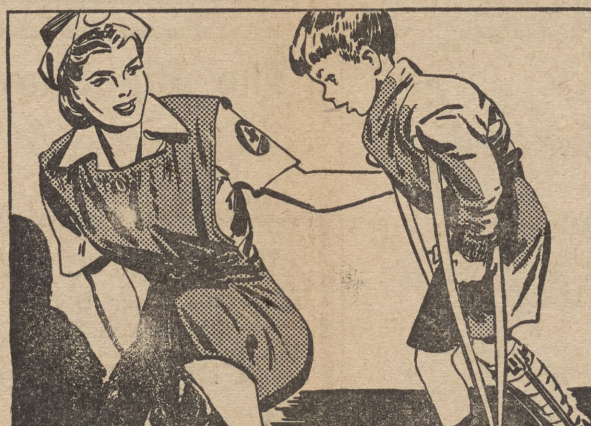

Report on 1947:  
Miracles of mercy which never could be done without your dollars...

**1 REMEMBER THE FLOODS?** In 50 different floods, the Red Cross saved countless lives by helping to evacuate affected families, by sheltering, feeding, clothing, providing medical care and rehabilitation for thousands of stricken people.

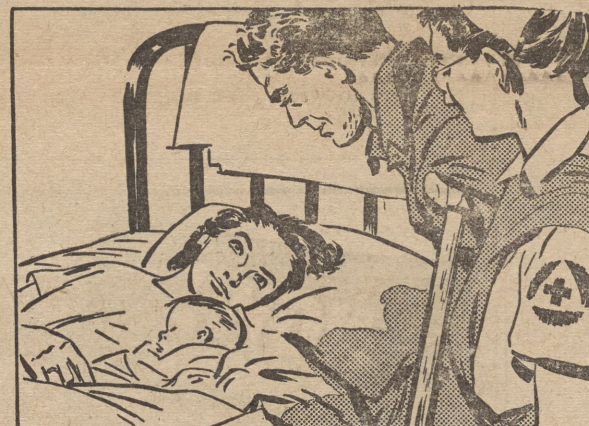

**3 REMEMBER THE HURRICANE?** Fifty-five wind storms required many millions of Red Cross dollars, all outright gifts to afflicted families for the restoring of homes, furnishings, clothing, even the means of livelihood for individuals made destitute by disaster.

**6 HOSPITALS NEEDED HELP.** 12,900 Nurse's Aides—all volunteers—lightened nurses' work in civilian hospitals, clinics, public health agencies and Red Cross blood donor centers. Red Cross Motor Service, too, made 668,000 calls, carrying convalescents, disaster workers.

**9 FIRST AID SAVED LIVES.** Over 11 million Americans have been trained in Red Cross emergency care, reducing immeasurably the terrible toll of accidents on our highways. Red Cross instruction in swimming and life saving, too, prevented innumerable drownings.

**4 VETERANS HAD PROBLEMS.** The birth of a baby, death in the family, help needed to pay bills—2,029,007 cases for veterans and their dependents were handled by the Red Cross last year. For counsel, information, financial aid, the Red Cross advanced \$6,441,983.

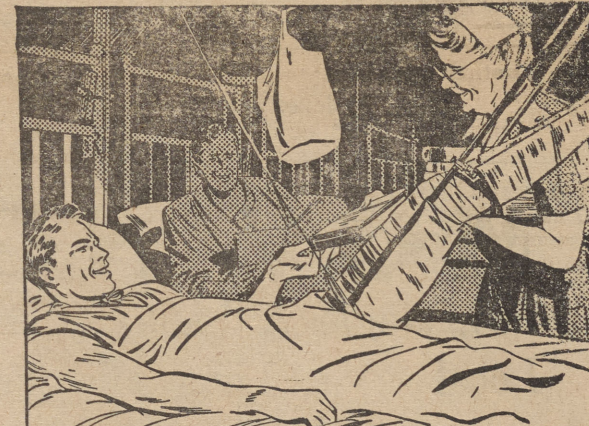

**7 THE NEEDY WERE CLOTHED.** Red Cross volunteers produced 2,480,600 garments, 84,500 layettes, and quantities of surgical dressings. The articles were gratefully used in disaster areas, in community institutions, in civilian, military and naval hospitals.

**10 BLOOD SAVED LIVES.** Your Red Cross brought the miracle of blood to many of those in need. Now, a new Red Cross program is on the way—eventually to make blood and its derivatives available to all without cost for the product.

**2 REMEMBER THE FIRES?** The Red Cross aided 161 times at fires in forests, hotels, tenements, homes. It spent \$1,250,000 in one fire alone to ease the suffering, restore health through hospital and medical care, provide shelter, revive hope for the homeless families.

**5 VETERANS NEEDED CARE.** In Veterans Administration offices, the Red Cross served 1,095,832 cases involving claims, dependents, personal problems. Over 12,000 Red Cross hospital volunteers cheered veterans with entertainment, companionship, instruction.

**8 THE SICK WERE CARED FOR.** Red Cross instruction in care of the sick, mother and baby care, and family health brought vital protection to countless homes in many communities. Over 2 million home nursing certificates have now been issued by the Red Cross.

Someone near you, someone dear to you... perhaps you yourself... will benefit in 1948 from the humanitarian services of your American Red Cross.

There is no nobler aim of mankind than this... the never-ending task of solacing, healing, helping those in need.

There is no investment that pays you back so many times over... as your contribution to the 1948 Red Cross Fund.

Again this year, be proud... and grateful... to give what you can.

IT'S YOUR RED CROSS... KEEP IT GOING  Give Generously!
